- [In a nutshell](#)

## What we do

### We advise our customers by

- involving all interested parties
- making our comprehensive industry knowledge available
- initiating sustainable development processes
- processing those patterns that enable economic success
- including not only the technical but also the social aspects, in particular the job satisfaction of all those involved, in the solution
- getting to the bottom of things using Socratic questioning techniques
- document all results appropriately and comprehensibly

## What we do not do

- produce papers whose contents are not implemented
- cater only to the needs of parts of the partnership, instead of the firm as a whole
- offer drawer solutions

- present simple, purely Eco 101 inspired solutions
